

MoS₂ Anti-Friction Super Motor Oil 10W- 40

Specifications / Approvals:
API SJ/CF
ACEA A3-98/B3-98

DESCRIPTION:

MoS₂ Low-Friction SAE 10W-40 is a modern, all-year-round and low-friction engine oil formulated from selected mineral and synthetic base oils. The high additive content which includes the solid lubricant molybdenum disulphide (MoS₂) guarantees optimum lubricating action under extreme running conditions and with long periods between oil changes.

PROPERTIES:

This is the classic special oil favored by demanding German car owners for that extra measure of protection and trouble free operation for high class cars. Contains the right amount of MoS₂ for optimum wear protection and friction reduction. The oil itself is blended from a semi synthetic base oil and selected additives to the level of API SJ. It is an all season motor oil for the most stringent demand.

BENEFITS:

Synthetic Blend, Saves Fuel, provides instant lubrication after a cold start.

Application:

High mileage vehicles, this is the best selling oil in Germany.

INSTRUCTIONS:

The operating instructions of the vehicle and engine manufacturers must be followed.

MOS₂ Anti-Friction Super Motor Oil 10W –40
5 Liter Jug Part no. LM2043
Case Qty 4 Jugs.
1 liter Part no. LM 2042
Case Qty 12
